

I. R. A.

STATEMENT RE £3,900 RECEIVED BY 4th WESTERN DIVISION.

It has come to our knowledge that certain statements have been made in Westport with reference to a sum of £3,900 received from General Headquarters towards the payment of expenses in this Division.

We would like to point out that the 4th Western Division comprises four Brigades, namely East Conamara, West Conamara, West Mayo and North Mayo, and that the £3,900 referred to was divided in accordance with the debts incurred by these Brigades.

We feel it our duty to clear the air of such falsehoods, and to maintain the honour and respect already established by the Republican Army of Ireland. It is a sad day for Ireland when an attempt would be made by any Irish man or woman to undermining the standing of the I.R.A., but more especially by one who has held the rank of Officer in that Army.

Taking the circumstances as they are, all that is left for us is to publish a statement of accounts in connection with the money received by us from the old "General Headquarters" on date February 20th, and which was immediately paid over to those trades with whom we had contracted debts.

Hereunder is a statement of accounts referred to above:
