To The Secretary,
Military Service Pensions Board,
Griffith Barracks, Sth. Circular Rd., Dublin.

A Cópá,

Enclosed please find a list of members of my active service column on the second critical date, with statement, kindly bring the enclosed before the notice of the board as I am claiming rank C. on the strength of my column.

As regards the lists of companies in the Battalion area for the 1st. critical date - 11th. July, 1921 I regret there has been unavoidable delay in forwarding these on to you but I hope to send same, completed as far as possible, in a few days.

I trust the delay, which I again assure you was unavoidable, has not inconvenienced the board too much.

Kindly acknowledge receipt of the enclosed.

Yr M^{re},

Joseph Leo Baker.

(18)

This list of the members of my column on the second critical date - 1st. July, 1922, is written from memory and is made out, bona fide, to the best of my knowledge and belief as an accurate list of the members of my column on that date. It is however, probably incomplete. It is as accurate as I have found it possible to compile.

I reserve the right to add any name or names and addresses of any additional members of my column on that date - and also to make any correction or corrections, accordingly as I may remember from time to time in the future.

Also please note - It is possible you may find each of the names here ~~listed~~ furnished, also listed as being members of their respective companies on that date. In view of this possibility I wish to state that I commanded a Brigade Active Service Column on the 1st. July, 1922 and each member of that unit was directly under my control or command and the list here furnished by me is a list of such members as stated above.

Signed Joseph Leo Baker.
